OBJECTIVE

Results-driven Software Developer with experience in building scalable web applications using ReactJS, seeking a challenging Software Developer role.

EDUCATION

Btech in Computer Science and Engineering, APJ Abdul Kalam Technological University 2017 - 2021

SKILLS

Technical Skills	Reactjs, JavaScript, JQuery, Redux, Bootstrap CSS, HTML, SQL, nodeJS, RestAPI, Java
Soft Skills	Communication skills, Problem-solving skills, Collaboration, Creativity, Self-motivation
Software Tools	VScode, Git, Github, npm, mysql, Postman, Eclipse, IntelliJ IDEA

EXPERIENCE

Software developer

Neetable Technologies

Marthahalli, Bengaluru

- Drove Equidefi's growth with ReactJS, Redux, and Material UI expertise, achieving impactful business outcomes.
- Worked on Phox health team which led to improvement in the medical delivery system
- Developed different portals that improved user investing options using Reactjs, API Integration, and Redux.

PROJECTS

Tenzi Dice Game Built a web-based game by using ReactJS, bootstrap CSS, and Git. Conceptualized and executed multiple features to enhance player experience in the Tenzi Dice Game. ([Try it here](#))

Personal Portfolio Website Programmed a personal portfolio website using ReactJS, and CSS styling, with a floating navigation bar and functional email form to showcase skills and enhance functionality. Uploaded source code to Github and hosted website using Netlify. ([Try it here](#))

Taste - food delivery application Utilized ReactJS and Bootstrap CSS to create a fully responsive food delivery app with router technology for a seamless user experience in the Taste web application.

Crowdfunding platform using Blockchain Technology Developed a website to support Blockchain as backend and javascript as frontend. These Ethereum-based functionalities supported a transparent and safe way of deposition of money for a public cause

EXTRA-CURRICULAR ACTIVITIES AND CERTIFICATES

- Completed React Advanced course from Scrimba ([certificate](#))
- Completed JavaScript deep dive course from Scrimba ([certificate](#))
- Problem solving using Data structures and Algorithm in Leetcode ([profile](#))
- Coordinated and conducted coding contests and programming workshops at the college

ACHIEVEMENTS

- Completed Internship successfully in a Product-based startup in Bangalore.
- Participated and won different Hackathons at college.
- Developed a portfolio website for peers and fresher developers and shared the source code for reference. ([source code](#))
